Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

The prior art does not disclose or suggest "a linear guide ring having at least one guide portion located on an inner peripheral surface of the linear guide ring, said at least one guide portion engageable with said first and second guide rings, said outer ring and said inner ring being independently guidable via the respective first and second guide rings" in combination with the remaining claim elements as set forth in claims 1-16.

The prior art does not disclose or suggest "a first linearly-guided ring directly guided linearly by said linear guide portion of said linear guide ring without rotating; and a second linearly-guided ring directly guided linearly by said linear guide portion of said linear guide ring without rotating, wherein said outer movable ring and said inner movable ring are independently linearly guidable along said optical axis without rotating, by one and the other of said first linearly-guided ring and said second linearly-guided ring" in combination with the remaining claim elements as set forth in claims 17-23.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
